 **AY CORPORATION[®]**
Your Medical Gas Fittings Specialist[™]

Since 1979, Bay Corporation has served the medical industry, providing reliable, premium-quality medical gas fittings and connections. Today, we are considered the leading independent manufacturer of medical gas fittings, connections, adaptors, and hoses for Respiratory, Anesthesia, Surgical, Dental, Emergency Care, Cardiopulmonary, Mass Casualty, and Home Care equipment.

Our products are used by Original Equipment Manufacturers, Medical Device Distributors, Medical Equipment Repair and Refurbishing companies, and Hospital Biomedical personnel worldwide. Bay Corporation is revered for our quick, off-the-shelf delivery of in-stock products as well as efficient, on-time delivery of custom engineered products.

Dedicated to creating a professional and ethical workplace environment, Bay Corporation provides a great place for our employees to work, while delivering an extensive line of stock and custom medical products to meet our customers' evolving needs—backed by the very best in personal customer service.

We are Your Medical Gas Fittings Specialist[™]!
