

Greetings!

Yeah for Spring! I love the warm weather, the longer daylight, the birds chirping, the flowers blooming . . . I could go on and on! And look out, Summer is right around the corner . . . ugh, like today! Oh my goodness, it feels like Spring just got here. In case you didn't know, June 21st is the Summer solstice. Hello Summer!

Before you know it, we will be at the midpoint of the calendar year. Time sure flies when you are having fun! And boy, we have certainly had a LOT of fun so far!

Despite what you may read or hear from the so-called "experts," Northeast Ohio is a great place to live and work. We have it all - - - sports, arts, culture, parks, great food, friendly people and less traffic.

Don't forget to check out the "Where's B.C.?" section. Pictures are coming in from all around the world. Do you have a photo that you want to share? Send it to marketing@baycorp.com and who knows, you may just see it in our next CONNECTIONS newsletter!

Sports & Food! How much better can it get?!?

You might say that most of our staff are "sports nuts." Or at least they claim to be, so that they can wear Cleveland oriented wear at work. Spring brings our national pastime, baseball, back into our daily schedules since they play 182 games! We always celebrate MLB's Opening Day with a festive luncheon, including hot dogs, potato chips, baked beans and other baseball fun food. This year's lunch was on Monday, April 3rd.

Cavaliers fall short in the Finals

Our defending NBA Champion Cavaliers won the Eastern Conference in fine fashion after finishing as the #2 seed. The team then faced the Golden State Warriors in the NBA Finals for the 3rd year in a row. Unfortunately, the Warriors were too much to handle and they won in 5 games for their 2nd championship in 3 years. LeBron James averaged a triple double in points, rebounds and assists for the entire series, a remarkable feat even for the best basketball player in the world. It is very likely that the same 2 teams will meet again next year. The young off-season has already proven to be noteworthy as the Cavs recently departed ways with their General Manager.

Indians are finally playing to a high level

The Cleveland Indians got off to a slower than expected start of the MLB season. As June comes to a close they are starting to heat up,

especially Edwin Encarnacion, the big off-season free agent signee. They currently sit atop the Central Division with the 4th best record in the American League. Several of our

St. Malachi Run Tradition Continues

With nearly 5,000 runners and many onlookers there in support, the 37th annual St. Malachi Run took place on Saturday, March 11th. Bay Corporation carried our tradition of representing the company in the charity run for the church's outreach services, helping care for those in need in the Cleveland area. Employees who braved the windy, cold conditions and participated included Larry, Brian, Justin and Johnny. Evan and Steve came to support and meet the runners at the official post race celebration.

St. Patrick's Day Meal

Another tradition at Bay Corporation is the company luncheon that is not only sponsored but cooked and prepared by Larry and Mark. The tasty meal consists of traditional Irish

key players, namely Lindor, Brantley, Ramirez and Kipnis, are in the running to play the All Star game. If the fans are like me, we would rather have the team play and win the World Series! "This could be our year!"

The tasty meal consists of traditional Irish components that come together to make up one tasty treat. Many thanks to these two for graciously continuing this delicious meal!

Browns did well in the NFL draft

The Cleveland Browns had the worst record in the NFL for the 2016 season and as a result had the #1 first round draft pick. The team selected Myles Garrett, the consensus top rated player by most all football experts. In general, they received high grades for their overall draft, which is certainly a step in the right direction. There is still lots & lots of work to do to make this team respectable. So far, so good. This town will absolutely go nuts if they can pull it together. Let's go Browns!
